New Data Centre in London

@UK are moving all our hosting facilities to a new, state of the art data centre based in London. This will provide us with significant room for expansion and allow us to run a backup facility in Aldermaston.

The move is split into three phases; phase one will commence on the 23rd April and phase three is due to finish on 13th May.

Featured Traders

Murray Equipment will offer a discount of 5% to all traders club members, If you mention the Traders Club at the time of purchase.

http://websites.uk-plc.net/murray_equipment_co_ltd

Murray Equipment was formed by Ron Murray, who was a practising dentist In Chichester, West Sussex. Ron had the idea to create a seat for the surgeon which attached to the underside of the main patient's chair and swung around the chair on an extended arm.

To become a Featured Trader is free of charge; all we ask is that you are willing to provide other suppliers a 'Traders Club' discount through your website. If you are interested in becoming a featured trader please send an email to traders@ukplc.net with your discounted prices and we will feature you in the next newsletter.

Lichfield District Council

Lichfield District Council has become the latest district council to implement the @UK PLC e-marketplace. Over the coming weeks the council will be using the @UK Rapid Deployment methodology to quickly roll out the system across all departments. It is the council's intention that eventually the @UK system will be used for all purchasing activity and will provide a mechanism for all invoices to be received electronically. Receiving invoices electronically will remove the need to re-key paper invoices which will enable the council to achieve real cashable savings.

Steve McQuade, Performance, Policy and Procurement Manager at Lichfield commented "We chose the @UK system as the technology platform because the solution enables us to achieve real cashable savings from the implementation of eProcurement. The elnvoicing technology means that even a very small business can send us an electronic invoice."

We Still Need You!!

The development team are in the planning stages of updating the screens and functionality of the Site Generator package and are looking for ideas and collaborations from Traders Club members. We have already had input from a few Traders with regards to our initial ideas for the site generator site
